

Non-Potable Water Reuse Webinar

Wednesday, December 12, 2012

12:00PM – 1:30PM

Agenda and Speakers:

- **12:00 – 12:20p.m. - Louis C. Herrin III, PE, TCEQ**, will discuss the history of domestic wastewater reuse in Texas from 1880 to present. An overview on the Chapter 210 domestic rules (subchapters a, b, c) and the application process for Chapter 210 authorization will also be presented. Louis will also explain common misunderstandings about what and how reclaimed water can be used, record keeping, water quality, O&M, and training.
- **12:20 – 12:40p.m. - Bob Johnson, PE, MWH Americas**, will present an outline of developing a non-potable system, including identifying potential customers and the quality of the water available to serve them. It will then discuss the process to develop an application for a Chapter 210 authorization. Also discussed will be the responsibilities of the municipality or agency to administer the program and the responsibilities of the customers that are served. Challenges to the operation of a recycled water system under the guidelines will also be discussed
- **12:40 – 1:00p.m. - Brad B. Castleberry, Lloyd Gosselink Attorneys**, will address regulatory compliance issues, including but not limited to various contract language (and pitfalls) with providers versus users, noticing audits under the Texas Audit Privilege Act, and the TCEQ checklist worksheet for regulatory compliance.
