Active Shooter Incidents

- Presenter #1:
 - What is the most important step that an organization can take to be better prepared for violent incidents?

 - What is the key component to ensuring that any plan is successful?

- Presenter #2:
 - Is it possible to identify every possible active shooter and thwart their attack?

 - TRUE or FALSE: Concerning active shooters, a person who makes a threat is rarely the same as the person who poses a threat.

- Presenter #3:
 - What is the goal of a recovery plan?

 - What is the Office of Homeland Security's definition of critical infrastructure sector?
